DETAILED ACTION

Remarks

1. In response to communications files on 5-July-2005. Therefore, claims 1-19 are presently pending in the application.
2. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
4. Claims 1-19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1, 8, and 15 recites the limitation "dissimilar database with dissimilar structures" in lines 1-2, 5, 7-8,10, and 12. It is not clear what it mean with dissimilar database or dissimilar structures.

Because claim terms are normally used consistently throughout the patent, the usage of a term in one claim can often illuminate the meaning of the same term on other claims. Differences among claims can also be a useful guide in

understanding the meaning of particular claim terms. The presence of a dependent claim that adds a particular limitation gives rise to a presumption that the limitation in question is not present in the independent claim. Phillips, 75 USPQ2d at 1327 (internal citations omitted).

Claims 2-7, 9-14, and 16-19 are rejected under 35 U.S.C 112 second paragraph, as being dependent from rejected claims 1, 8, and 15.

Claims 1-19 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
